

Tree Houses!

Are they worth it after all the effort?

Cost: \$ 6000 Construction Time: 8 weeks

Size: 9ft * 10ft* 9ft

Client: Indian Investor

Designer: David Alichia

Style: Shiplap construction

I felt very satisfied after constructing this mahogany tree house. The kids loved it the very first day they got into the Terminalia tree and i think this is a good way to introduce children to loving trees.
